The Little Big Book Of Breasts

Synopsis

Best of the biggest: It'll knock both your eyes out without a wallop to the wallet. Some call it the American obsession, but men everywhere recognize the hypnotic allure of a large and shapely breast. In *The Little Big Book of Breasts*, Dian Hanson explores the origins of mammary madness through three decades of natural big-breasted nudes. Starting with the World War II bosom-mania that spawned Russ Meyer, Howard Hughes's *The Outlaw* and Frederick's of Hollywood, Dian guides you over, around, and in between the dangerous curves of infamous models including Michelle Angelo, Candy Barr, Virginia Bell, Joan Brinkman, Lorraine Burnett, Lisa De Leeuw, Uschi Digard, Candy Kane, Jennie Lee, Sylvia McFarland, Margaret Middleton, Paula Page, June Palmer, Roberta Pedon, Rosina Revelle, Candy Samples, Tempest Storm, Linda West, June Wilkinson, Julie Wills, and dozens more, including Guinness World Record holder Norma Stitz, possessor of the World's Largest Natural Breasts. This new portable edition contains all the same beautiful and provocative photos, plus the nine original interviews, including rare conversations with Tempest Storm and Uschi Digard, and the last interview with Candy Barr before her untimely death in 2005. In a world where silicone is now the norm, these spectacular real women stand as testament that nature knows best, while this new affordable edition shows TASCHEN knows what you want. Excellent

Silly Christmas present for the hubs. I think he will love! Fair price and fast shipping!

I'm giving 4 stars because the person I gave the book to loved it. I am not a prude, but I was shocked when I opened it! The book is a collection of vintage and retro large chested women. I thought it was going to be a collection of current clothed ladies, but it wasn't. None the less, everyone at the party loved it and had to look through every page. I must say, I was surprised to see how large some of them were! Talk about back pain and trying to find a bra!!? Whoa! It's a cute novelty and the quality was better than I expected.

Cute little coffee table book, pictures are well done

Niceeee

Features a collection of mostly B/W with some color photos of well-endowed woman. Insightful. Each model is identified if they are known.

My hubby loved it
