I look forward to my card each day! The thing I found odd though is that I thought I could put the card I picked each day in the frame that is on the top of the box which pops up for display, but it doesn't fit into the pocket? I am not sure why it is made like this otherwise. I love the cards though, very inspiring and mindful of the concept of living for now.

Misleading in where I thought I was purchasing 52 cards but once I received the box, it indicates 50 and I did count the cards and only received 50. This needs to be changed to "50 Inspiration Cards". The majority of the cards have good inspirational saying but there are some - I just don't get.

My mistake, I did not order the Tolle packet I once owned. I do not find the depth And the variety in the messages in this packet that his other cards held.

Eckhart Tolle is a gifted individual with a unique skill set. He has the ability to identify problems and

issues that plague us all. Further, he possesses the most excellent ability to offer a workable and effective solution on the spot. I read and will re-read the cards over and over on a regular basis. The cards are a an instant fire extinguisher for anybody that obsesses about what they must do or about what will happen in the future. It's all about being here NOW.

The Power of Now. 52 Inspiration Cards are just that. Inspiring. Eckhart Tolle provides insightful messages and thought-provoking ideas of which to ponder each week.

Like many others, I've been so moved by Tolle's work. This boxed set allows me to enjoy his messages while sitting at my desk at work. The cards are beautiful and the box sits very nicely so each card looks framed, so the message script truly stands out. I would recommend this set for anyone who would like a gentle reminder to reflect on these beautiful mantras, even at busy place. In addition, this box is so attractive that it makes a beautiful gift.

These quotation cards are a wonderful, inspiring way to start each day.

I was looking for inspirational cards to give as thank you notes, but it's very apparent that you need to have read the book to be able to interpret the statements.
