Did you know that you can support yourself in a whole new country by just teaching English for like 4-6 hours per day? Did you know that just by teaching English you can earn as much as double the salary than the locals in Taiwan? Why do you want to teach in Taiwan? Maybe you have thought this is the career for you, or maybe you are only interested in a short term engagement. If you haven't made up your mind yet whether you want to teach in Taiwan, hopefully this book can nudge you in the right direction. As expats and foreigners who live and had been teaching in Taiwan for a substantial time, we can give you unique and experienced insights to the questions you are facing, such as the salary expectations, contracts, and living conditions if you choose to give Taiwan a chance. As a language school director (people call it cram schools in Taiwan), I know everything that you must. For example, laws and regulations for foreigners in Taiwan about working as a language teacher; what you can do and cannot do. While I am searching for a book about working and living in Taiwan, this one pops up all of a sudden. I found it very useful as a guide book with detailed information about the beautiful place and how to find a teaching job (a hottest trend to teach foreign languages) in Taiwan as a foreigner and what you can expect for salary, etc. It also covers ALL you need to know about living in Taiwan. So, I highly recommend that for those people who wanted to move to this beautiful island should read this guide book. No matter you just want to experience this stunning island for a month or you are thinking to move there, this is like a bible for you.

The book as a useful guide to teaching in Taiwan. I am considering doing that, and this book provided lots of detailed information -- some that I knew I needed to know and some things that are important to know but that I has no idea about. Thanks!

I love the information. I was in Taiwan teaching and would have loved this book then. Good job very informative.
