My Law Of Attraction Project Planner: With Tools For Creating Abundance, Success, And Joy

Synopsis

NEW IMPROVED VERSION --- What type of "project" do you have? MY LAW OF ATTRACTION PROJECT PLANNER is for ALL projects, large and small. And, since it's undated, you can begin today! > Take charge of your daily life with ease! > Break major projects down into manageable steps, and reap positive outcomes! > Attract your ideal home, dream job, perfect partner, good health, long-awaited vacation! > Whatever you desire! - - - Become a "Deliberate Planner" by incorporating the Law of Attraction

(1) Learn to take better control of your thoughts and feelings so you can attract your goals with greater ease. (2) Adopt a simple daily routine designed to help you create and maintain a positive, forward-thinking focus on the way you'd like your life to be, using 31 Daily Tools sheets, 10 Project Planning sheets, and 8 sheets for 68 Seconds of Pure Positive Focus provided. (3) Choose from a wide variety of effective and easy to use tools and techniques (with examples), inspired by Abraham-Hicks and others, such as Appreciation/Gratitude Lists, Positive Aspects Lists, Scripting, Segment Intending, Placemat Process, and Emotional Freedom Technique (EFT). - - - Fulfilling goals or completing projects is often overwhelming, whether you plan them yourself or they're forced upon you by circumstances. The better and more at ease you learn to feel, however, the easier it will be to attract the outcomes you desire. Noticing Universal nudges and taking inspired action will become natural for you, and extremely productive. - - - Planning daily fun experiences will also play a key role in your success. Your consistent, positive attention on what you want to attract will allow you to experience the joy of living it. As explained by Abraham in their teachings, joy is the main reason we are here. - - - This Project Planner contains everything you'll need to "feel" as though you've already attained your goals. When you learn to actually feel like you've already succeeded, you will be a vibrational match to that success, and you will attract it. - - - An introduction to Emotional Freedom Technique is included, along with some scripts to help release stress or self-doubt, or to increase self-confidence, motivation, or focus. There are daily scripts for joy, and for being empowered to be happy regardless of other people or events. - - - Become pro-active about your life, rather than re-active. - - -

I love this planner and all of the tools included to help me attract my best life and to keep my focus on the positive. I'd only had the planner a few days and had been having lots of car problems. My daughter has been hospitalized for about 50% of 2016 and I haven't been able to work for 7 months now as I've been taking care of her, so a new car and the car payments associated with it were a non-option. But every day I kept writing about how much I love my new car and having reliable transportation. A week ago we were gifted a 2015 car by an incredible company that had heard our story. Talk about the Law of Attraction! I will continue to use the tools, exercises and journal pages that are in this book. I was going to say that it's been a life saver, but it's a life giver!

This is a disappointing book and appears to have been designed in Microsoft Word rather than designed by a designer. I was disappointed because I wanted people to use the book and some of my classes and it is just poorly designed and extremely repetitive. If you go online and spend 20 minutes gathering the same data you will be better off and to save some money

I am hoping to learn from this planner. So far, it is interesting.

It's OK but not what I expected. However, changed some of the wording and used it as a template for my own plans. We all have to follow our own path anyway.

I was excited to take a look at this book. After going over it, the book didn't really do much for me. Please tell me something that I don't already know. Just a little disappointed. The coloring pages are nice, but not really necessary.

Nice planner. Well thought out.

Great book for a specific goals you have in mind

Excellent Investment you will not be sorry. Bought this book in December for my self as a Christmas present. If you are serious about moving your life forward buy the book. Work your plan, Self improvement, Self care, is an inside job. You will have to do the work. I think what I like best is, I can reflect, center and move forward. I am still learning but I feel like I have turn a corner. I feel blessed to have found this book. Invest in yourself.
