Effective Leadership And Management In Nursing (8th Edition) (Effective Leadership & Management In Nursing (Sull))

Synopsis

Extensively updated to reflect the latest changes in the healthcare system, **EFFECTIVE LEADERSHIP AND MANAGEMENT IN NURSING, 8/e** will help both practicing and student nurses manage successfully in today's challenging, resource-limited healthcare environments. The most up-to-date and complete learning package for nurses who intend to manage, this book combines practicality with conceptual understanding, tapping expertise of contributors from many relevant disciplines, especially healthcare management professionals. This edition offers new or expanded coverage of healthcare reform; quality initiatives; Magnet-certified hospitals; emotional and multicratic leadership; social media; preparation for large-scale emergencies; prevention and response to bullying and workplace violence; and much more. Throughout, new MediaLink boxes link readers to updated resources and activities on the web.

Customer Reviews

Want an informative guide to management? How to handle difficult situations? Create a future as a leader? Effective Leadership and Management does all this and more!

Everything you need to know to become a successful leader is found in the book's four sections. 1. Understanding Nursing Management and Organizations 2. Learning Key Skills in Nursing Management 3.

Managing Resources 4. Taking Care of Yourself

very informative book. Reading flows well. Good reference book. Will hold onto it after my class is complete for further reference.

I mean what can I say? I had it for class. Although, if I could have afforded it vs renting, I would have bought it. It reads nicely and is informative with a lot of good advice.

I guess it did the job as I got an A and completed my BSN!

Good book

This is a great book for beginners in any leadership position or simply for anyone new to the professional world.

I rented the e-book for class and it was very easy to find the information needed for my class work. This book was definitely interesting and informative but not necessarily fun to read.

Received as expected.

This is a very good textbook- easy to read and has good examples.
