Scariest Stories Ever Told: Better Lock Your Door: Accounts Of Those That Experienced The Torment (Creepy Stories Book 1)

Synopsis

Better Lock Your Door: Accounts of Those That Experienced The Torment
Claim Your FREE Bonuses After the Conclusion!
Many people find enjoyment in curling up with a good book. The words fly off the page and surround the reader in a comforting embrace. The stories take them to places they could've never imagined and the book opens up new worlds to explore. This is not that book. None of the stories here are meant to soothe you. Instead, these stories are meant to provoke and maybe even terrify you. The world you'll find here is terrifyingly real. It isn't a fantasy that can be contained in ink on a page. Evil people don't disappear with death, they linger on and torment any living soul who dares to cross their path. All of the horrors described on these pages happened to real people, just like you. At some point in their lives they too probably reached for a book before bed. The primary difference between you and the people in this book is that they had the incredible misfortune of being in the wrong place at the time. Regardless of where you are in the world and what time of day you're reading this, you definitely shouldn't count on getting any sleep tonight...
Here Is A Preview Of What's Inside...

Customer Reviews

Mr Mills is a very good writer but has some unusual "hooks." Like his pauses.... Can get a bit aggravating. Otherwise i really enjoy the subjects.

Excellent short stories with just enough scare factor to be interesting.

Roger P. Mills brings us yet another excellent collection of very scary paranormal encounters from the US and world. One thing I especially love about this author is that he gives us new stories instead of a book of rehashed, often told tales. An excellent book for both the paranormal investigator/researcher or those looking for a very scary book. His writing is tight with excellent grammar and style. I did receive an ARC free pdf copy of this book in exchange for a fair review, but I also added it to my Kindle collection when it was published.

I chose to rate this highly due to its subject matter and readability. It showcased many frightening tales of the paranormal. Because I have read many other works by Roger P. Mills, it was best that I explore this one too. His story telling is fascinating and it is easy for me to recommend it to others who are fascinated by horror and the supernatural. You will not be let down

Very good breakdown of some scary tales. I'm a paranormal fan of various ghost hunting shows and book's and are familiar with some of the stories. Great job with telling them, right to the point. Would highly recommend for anyone to read who enjoys eerie tales.

This was a good creepy book for a late night read! I love anything supernatural or unexplained so this was the right choice for me. Stories could have been a bit longer as it left me wanting more but overall interesting and informative while still being chilling.

Good stories but there are some grammatical errors. The book is still very readable. An editor may be able to help with the errors.

Would love to investigate these places myself. Very scary stories. So interesting. I would highly recommend this book to everyone
