Watercolour Landscapes: The Complete Guide To Painting Landscapes

Synopsis

An experienced artist and teacher uses stunning examples of his own work to explain every facet of watercolor landscape painting. Explore the wide range of effects possible with different brushstrokes and washes, such as blotting and sponging to produce texture and working with color to suggest movement. Plenty of practical suggestions on choosing materials and supplies are included along with inspiring, annotated studies and easy-to-follow projects that demonstrate basic techniques in action, including painting all kinds of skies, depicting perspective, creating shadows, combining colors and more.

Customer Reviews

Richard Taylor is an experienced artist, teacher and popular author of many instructional painting books, specialising in watercolour. Recent publications include 'The Watercolorist's Guide to Painting Buildings', 'Natural Watercolours', 'The Watercolourist's Year' and the popular 'Pocket Watercolours' series published by Collins & Brown. Richard lives in Clacton on Sea, Essex, UK.

I have dozens of watercolor painting books and have gleaned a little from many of them, a couple are favorites. But I just received "Watercolour Landscapes" and it is THE most wonderful painting book I've seen. It is packed full of lessons, of watercolor pictures, and it covers ever so many topics that I haven't found satisfactorily any place else. I have been painting for years, though not very well. With Richard Taylor's help maybe I'll be good by the time I finish following every lesson in this wonderful book. I LOVE IT!!!!!!!!!!!!!!!!!!!!!! Thank you, Mr. Taylor.

I love this book and the instructions. My only complaint is that the author uses Cadmiums paints. My only problem with them is that they're so opaque and I prefer watercolors that are transparent. As a fairly new watercolorist, switching to a comparable color is as easy as it might seem on first glance. However, the book is really wonderful and gives great details.

Excellent book on watercolor landscape technique. My favorite landscape painting book so far!

Wow a great guide on how to practice specific skills. It breaks down landscapes into smaller parts. The book gives a nice guide including ideas on color mixing.

This is just my opinion based on other watercolor guides I have. Some people might really enjoy it and get good info from it.

Lovely book with lots of instructions. Will be using this book for a long. long time to come! Will refer this book to others. Very happy Good seller service too A must have reference book

Clear. Full of ideas and how to render with watercolor.

Another fine book to make your paintings even better.
