Laos Travel Guide

Synopsis

Why You Need to Train in Thailand Traveling around the world can be such an exhilarating thing to do with your time. You get the opportunity to get out there and meet new people, see sights that are not available in your own world, and just have a lot of fun doing something new. Planning a vacation can be a real challenge though. You want to make sure that you are staying on budget while still getting the best experience possible and seeing everything that you can. Also, you need to make sure that you are picking a location that everyone in your group will love. If you are still thinking about where to go, or you would like to make a trip to Southeast Asia, you should consider making a stop in Laos. There is just so much to enjoy with Laos history that you are sure to find something that everyone is going to enjoy. This Laos travel guide is the perfect companion to help you make the right decision to visit this unique country and really have a lot of fun. In this Laos Travel Guide, you are going to find out so many great things to do in this often forgotten little country. With all the promotion surrounding other bigger Southeast Asian countries like Thailand and Vietnam, Laos is often left all alone without people even taking the time to consider it. But, the government is finally opening up after past issues with the Laos war, and inviting more and more tourists to come and see all the natural beauty that is present within this country. There is so much to do that it is definitely worth your time to spend a week or more discovering all its secrets. In this Laos guidebook, we will start out with a little bit of brief history about Laos, as well as some of the rules that you should follow while there.

Customer Reviews

I was searching for a travel guide for my first time Laos tour and

that's why one of my friends suggested me to purchase this book. Finally, I could select a best book for my tour. This guide is very thorough, offering travel tips, the history of different areas, and all the relevant information needed to visit the attractions. Thank to the author for all the information and related details that you need to know for the different tourist attractions and accommodations. This is a complete travel guide and I highly recommended it. Special thanks to the author.

My friends and I are planning to go on a trip around Asia next year and one of them suggested that we include Laos in the itinerary. I liked the idea right away because personally I'd like to go to the less popular spots than Singapore or Thailand. Laos seems like a very fascinating country, and the activities listed here are right up my alley. I'm even more excited to go now after reading this. This was a short read but it's perfectly okay because it has none of stuff you don't need. Great find!

I read a lot of travel guide, because my father loves to travel and I always helped him with the research. This book is full of information, from history to monuments. When I finished to read I thought "I want to visit Laos".

A truly wonderful travel guide for all travelers. May it be beginners or not. Visiting Laos will be much more enjoyable and exciting by the help of this book. In here you will learn on what are the best places to start with, to stay and dine. Learnings gain from their history and culture so with their beliefs. This guide has a lot of information that could be helpful to everybody especially who do really like travelling. Easy to read and understandable.

I love traveling. But not just any other places. I want my trip to be as unique and memorable as possible. I am always curious about the food and culture of a place. I want to learn something new that is not really the mainstream. Then I found this book. I love the challenges that I will face especially the language. I also want to be familiar on how I will behave in certain places. This is very informative. I just hope for more pictures.

It's amazing how some people transform words into pictures with an easy flow without being pushy with the content. The folks at Laos Travel Guide do just that and much more. Where to go, where to eat, what to do, and where to stay are a few perks on what this book offers. Now when I travel to

Laos, I won't get lost like I have in other places. Thank you for providing such a great guide.

I'm not sure what book the other reviewers read, but this is an awful book. The author doesn't have a clear grasp of English and there is nothing clear or really even useful about this book. If I had a way to return books for lack of quality, I would surely use it for this atrocity.

A great guide to a lesser marketed destination. Just one of the many amazing places I'd love to visit! Found the information and tips in this book very insightful and will be hanging onto it for future reference. Definitely a good buy!
