This book is an essential reference for anyone studying Hungarian. For me, this book does the best at explaining the suffix's and prefix's that are very essential to the Hungarian language. Great book to have on hand when learning to write in Hungarian. I highly recommend it to any learning to speak and write in Hungarian.

I like to travel. Of course I can use the services of an interpreter. But it is interesting to talk with the country's residents in their native language. This book is written in simple and accessible language.

I learned new information. Maybe in the near future we will go with the family to Hungary.

That map on the cover is very strange. since when Hungary includes part of Ukraine?
