HRW English Workshop: Student Edition Grade 12

This series is excellent. Instead of dwelling on parts of speech, the core of this book is sentence structure: clauses, phrases, conjunctions, etc. Some sections also focus on essay writing and the like, but its most valuable sections help students to better understand the layout of sentences so as to build their own toolbox of tactics to create sentence variety and paragraph coherence. Exercises are sufficiently difficult and not watered down.

Exactly as expected.

I homeschool my son and we use this book as a guideline for writing. It's easy to follow and understand.

Good book for home school. I like the way they explain every step at the beginning of the lesson.

Great price and condition!
