Wanted (The Chase Ryder Series Book 1)

Synopsis

TO THEM, HE WAS AN EXPERIMENT TO HER, HE WAS FAMILY

The award-winning creator & screenwriter of ground-breaking BBC television show, Spirit Warriors starring Jessica Henwick (Star Wars: The Force Awakens, Game of Thrones, The Defenders) brings you an action-packed thrill-ride in her debut novel readers unanimously raved about, describing it as a "MUST-READ" and "UNPUTDOWNABLE". If you loved Dean Koontz's Watchers, Marvel movie Logan and critically acclaimed Netflix show Stranger Things, you will love The Chase Ryder Series.

The first time I saw him, I had no idea he was created in a lab. I'd been living on the streets for around eight months before I lost count. It wasn't easy, but it was still preferable to what I had to deal with at home. In all that time, unable to trust anyone, I had been alone (I knew from experience that people always failed you). Then one day, while out searching for food, I stumbled upon this mangy dog being attacked. It wasn't a big deal to help him, but then he ended up saving my life which is when I realized there was something special about him: Muttface wasn't a normal dog - he was crazy intelligent. I'm talking Mensa levels. And he wasn't an accident either, having recently escaped from a mysterious lab.

We were just getting to know each other when things took a bloody turn. The vet, Sully, a troubled guy who had recently lost his wife to cancer, did what he could and I guess that would've been the end of our story if we hadn't been attacked by a gang of mercenaries who destroyed Sully's clinic and seemed intent on doing the same to us. So now here we were, the three of us. On the run across the country against a powerful enemy. Who were they and what did they want with us? Through the danger, terror, and pain, one thing was becoming clear to me: I had finally found the family I had always wanted and I would do anything to keep them safe...Even if it meant risking my own life.

WHO THIS BOOK WILL APPEAL TO

Did you love how awesome Katniss was? How, despite being so scared, she risked her life to save her loved ones? Did you root for Eleven, who was tortured then hunted for her special abilities? How about Ellie and Joel or Logan and Laura - did you love their relationship? Do you like characters who feel so real, that they leap off the page? What about gripping page-turners filled with action and thrills? If you love all this and more, and you're looking for an original story, one that will make you both laugh and cry, then you should try Wanted.

Customer Reviews

I do not know what on earth really urged the author to go from screenwriter to book writer but whatever it was, whoever it was, needs to go urging again...this author is talented!A street kid, Chase, was in need of a family and to feeling wanted. She hit the jackpot when she ran to the aid of a another street waif, a border collie named Bandit.A vet, equally lost in a hopeless despair for the loss of his wife, finds redemption and family the day he acted on impulse to save the life of a dog brought to him by a dirty, smelly girl.And then all hell breaks loose as thugs breaks down the door to the vet's home cum surgery, looking for this dog.Somewhat predictable it was nevertheless a well told, warm kind of story that keeps you feeling good for a long while after you finished the book.This is exactly what I would like my starry eyed kids to read as well.

If you like a lot of action around every corner then you will love this book. If you love dogs who adopt homeless girls then this is the book for you. If you hate evil rich men who send their thugs after helpless homeless girls to steal stray dogs for medical experimentation then this the book for you. But this is not all. There is so much more happening in this story I'm sure you won't want to miss

out. I'm glad I downloaded this. It was great entertainment. Jo Ho is an amazing story teller.

I was pleasantly surprised at how much I really liked this book. I wasn't expecting to hate it, but I most certainly did not think I'd like it so much either. It was groundbreaking and heartfelt. Action and adventure rolled into it as well. I really loved the main heroine and hated all she had to go through in this book, but was very happy in the end. A must read!

I'll admit that I initially selected this story because of the super-smart collie. I share my life with a smarty-butt collie, so I decided to give it a try. I was pleased with the way the author wove her story, making me want to keep reading to see what would happen next. The development of her characters was skillful, and I found myself really rooting for the good guys. All in all, I found this book to be smooth & fun reading, with an intriguing storyline, & I recommend it to anyone looking for a good fiction including dogs. I am really looking forward to her sequel.

What a great story! The characters really draw you in and you just have to find out what happens next. I like Jo' style of writing and rarely read books written this way. I'm not giving out any spoilers. Loved this book it was refreshing because it didn't have bad language, sex or magic. A nice clean WONDERFUL read a book for all ages. I will be waiting for the next book. Jo you've made my #1 list of authors!!

... and I'm glad I did. Another great surprise. My 17 year old son compelled me to read this after he downloaded it onto my kindle. You can see by my reviews that my family and I are avid readers and poor writing gets in the way of enjoying a good tale. Thanks for respecting your readers enough to learn how to write well.

I have read a couple of books by Jo and love her writing style. This book definitely ranks right up there with the best. Chase is a strong young lady who has been dealt a rough deal in life and then she meets Bandit a dog who she falls in love with. The bond between a person and their dog is such a strong bond. Then they meet Sully then things go crazy for all of them. You will love this book. I couldn't put it down once I started reading it.

This was a fast-paced exciting YA story with a super smart dog, and Chase, a young girl/woman living on the street. It was really fascinating and fun to see what she was thinking when the book

shifted perspectives back to her character. Highly entertaining!
