it accounts for male anal pleasure to share it with a woman, which challenges the taboo by acknowledging both men and women can enjoy anal sex, and with emphasis on male prostate

not enough details for the questions needed to be answered

Very good coverage of the whole subject. Did not get her any more interested.

I liked the book and so did my wife. We now play all the time with strap-ons and it really turns her on not to mention my total orgasmic episodes while using!!

It's informative, but a little too much "filler" content and repetitive instead of getting to the facts. Still a good book though.

Good read. Basic instructions but up to date and worth the time.

Arrived on time; Exactly as described; Very Pleased with product. Good Book.

As a first timer, the subject scared me a bit but my boyfriend was really interested in it. Very helpful.
