Prepper: Collection Of The Best Prepping Guidebooks And Manuals To Make Prepping Easier!

Synopsis

DISCOVER:: Collection Of The Best Prepping Guidebooks And Manuals To Make Prepping Easier!
* * * LIMITED TIME OFFER! * * * BOOK #1 PREVIEW The prepping lifestyle has been receiving a lot of attention in modern society. With today's technology, it is easy to be aware of all the uncertainties in the world. The presence of natural calamities, power outages, and even manmade disasters such as wars pose a constant threat for anyone, no matter where you live. BOOK #2 PREVIEW Disasters occur unexpectedly. Everyone, both rich and poor, suffer from the same effects and even lose lives in extreme cases. What makes the difference is the level of preparation done in facing these significant events. Some people tend to be complacent because they live in disaster-safe locations. Living in a large, professionally-constructed home in luxurious communities make some people feel as if they are invincible from disasters. Of course, a quality property in a safe location makes its occupants feel a lot safer and more confident that their assets are protected. BOOK #3 PREVIEW There are many kinds of disasters. Some are natural and some are results of human activities. Humans are always at risk whether they believe it or not. Coastal states fear tsunamis. Countries within the Ring of Fire fear the effects of volcanic eruptions. Deserts and landlocked areas are prone to sand storms while snow-covered countries are prone to blizzards. There are also hurricanes wreaking havoc in their wake all the world. Aside from these natural disasters, man-made disasters such as terrorism, outbreak of viruses, wars, and others pose risks to a lot of people. BOOK #4 PREVIEW If an apocalypse were predicted to strike the world in the near future, you would want to take the necessary procedures to survive – right? Well, you should treat pandemic diseases to be the same. Pandemic outbreaks can be deadly and the areas where it attacks can be worldwide. For this reason, there are already pandemic survival kits on sale for individuals to prepare themselves for an oncoming virulent disease. BOOK #5 PREVIEW This book aims to provide you with more specific information on how you can prepare for serious disasters using resources that may already be sitting in your cupboards, your attic or your collection of junk. You will find that the humble mason jars that you might be taking for granted have a lot of practical uses when it comes to disaster preparedness. Learning about these uses will help you take advantage of this common household item for your prepping needs. BOOK #6 PREVIEW Food is one of the most absolute essentials in survival. Ensuring that you have a sufficient source of food is essential in improving your odds of survival regardless of the emergency situation you are in. By using a Mason jar, you can preserve all kinds of foods for yourself and your family should the unfortunate happens. This book would talk about everything you need to know about these jars including how you can use them to preserve food. You will also learn about various nutritious and

delicious dishes that you can prepare using Mason jars. You will be surprised to find out that this humble jar can indeed be a survivalist's best friend. Get The Book Before The Promotion Runs Out! Only For A Limited Time! You Do NOT Need A Kindle Device To Read This E-Book, You Can Read On Your PC, Mac, Smart Phone, And Or Your Kindle Device
