In this lyrical book, George Washington comes alive for preschoolers. Bright, appealing artwork and simple text introduces the youngest readers to our first president with engaging anecdotes, beginning with how young George liked to study and ride his horse. My soon to be five year old is obsessed with American history after a recent trip to Washington, DC. This book is perfect for him. He can read many of the words, and I read the rest. George Washington is his favorite president, so this is one of his favorite books. I like how it talks about him as a boy (without the cherry tree parable), to which my sons can relate. We love Little Golden Books

in my home, and this is a great addition to our collection.

My 5 year old boys love this book, and have been telling us facts about George Washington ever since they got it. Great history lesson for a younger child.
