This has been one of our bible study group's favorite study guide so far. The book of Daniel is so rich, we've opted to go through almost all of the questions as a group, as opposed to their suggested group questions. Whoever is answering a particular question will read the corresponding passage, as not to skip over any of this valuable scripture. On this particular study, the content is more important than rushing through to finish each lesson. We'll just pick up on the following study where we had left off. Great questions, and options for those choosing to dig in even deeper.

As is usual for this series of Bible Study books, this one is well organized, well researched, and well constructed. We are simultaneously also studying both Revelation as Daniel and Revelation share a lot in common. Both books are excellent. In fact, we rate all of the LifeChange Series as excellent and have been using them for over 6 years.

I really like the Life Change Series. The Daniel study was good, but I have enjoyed studies from the New Testament more. The New Testament studies have a lot of cross-references and seem to dig deeper than the Daniel study. I would recommend any Life Change study.

Excellent study guide. Not too difficult. Learned a lot. Gives background. Each chapter guide is not too long. Daniel is a wonderful book of the Bible and this is a good way to study it.

detailed and helpful directional read.

Another wonderful LifeChange study from the Navs. My preferred line of Bible studies.

Excellent guide. Perfect for personal or small group bible study

Excellent.
