Synopsis

A fun and playful seasonal twist on "The Itsy Bitsy Spider" makes this favorite nursery rhyme perfect for wintertime! The itsy bitsy snowman went sledding into town, looking at the snowflakes softly falling down. Out came his friends to lend a happy hand. And everything was perfect in his winter wonderland. The Itsy Bitsy Snowman turned out to be a fantastic book for my two year old. The best part is I just received it in the mail today and read it to him tonight before bed and he loved it. The book goes to the Itsy Bitsy Spider rhythm and is full of colorful illustrations that are perfect for a toddler. Overall, I

was a huge fan and can see myself reading this book to my son over and over again.

Such an adorable story! I bought this for my 1 year old for a birthday present. Her face completely lit up when she saw the colorful pages. She insisted we read it 5 times in a row. Not only are the pictures adorable, but the story is a nice one too. I can see it being her favorite for awhile. Definitely recommend even up to 3 years old!

My 2 year old son loves this book. It's got great, vivid, high quality images and is a quick read for when you child wants you to read them 6 books before bed. This book is one that he always wants read to him before bed. "Snowman, Daddy, snowman." This would be a great 12 days of Christmas gift like we did for our son this year, 12 Christmas books actually. I recommend this book to all parents with young children who love being read to, which from my experience at my sons preschool, is all kids.

The Itsy Bitsy stories should be read to the rhyme The Itsy Bitsy Spider. They are only a few pages long which is perfect for their target audience. They are sweet little stories based on the trials of 'The Itsy Bitsy' and all have a happy ending. I've been buying these for my youngest grandson since he was a few weeks old and he seems to enjoy them, his big brothers do as well. The Itsy Bitsy Snowman has some unusual troubles, but thanks to his friends they all end well.

This is adorable. My daughter loves the song, The Itsy Bitsy Spider and this is to the same tune. She loves it (although not as much as the Pumpkin version!) Very cute and simple for babies and toddlers who are already familiar with the spider song.

My 3 year old granddaughter loves this book. I literally get tired of reading it but it's important to her so I do. Sometimes I try to mix the words up and she'll correct me lol, she knows. Come on please read to your kids/grandkids!!!!

Cute board book for winter, expanding on the itsy bitsy spider song. It was cheaper on than in my daughter's school book order. Would make a good stocking stuffer for a toddler.

Super cute book for little ones at the holiday season or throughout the winter. I know my toddler loves to talk about snowman and enjoyed this book. I purchased a couple to give out as gifts to the

new babies in the family and the parents really liked them. I couldn't find these in a local store and usually has the best price on books so I would recommend them to others definitely.
