Loved the book and the translation in spanish was done well. Purchased the book to add to my babies library, and the story is as good as when i was a child

I thought it was a great book with a good translation. My grandson is working through it now and we are having a fun time together.

I bought for my nephew, and was a very good idea. He is charmed.

Good read in Spanish for a preschooler

Every time my nephew wants me to read a book, he wants this one! It's a great book, but if you want to use it as a gift, you might want to buy a few more along with this one (because they are thin)!

Very happy with the book - good illustrations

I purchased the physical book. It is a simple paperback with Spanish and English text. It's really a lot of fun to read in Spanish with my kids, but grandparents can enjoy reading to them in English as well. Pictures are bright and fun, too! Super adorable book.

My 3 year old son loved this book. He wants me to read it to him all the time both in English and Spanish. I will definitely be ordering more of these books.
