## Customer Reviews

Great book! This is a great book to have when traveling and just to learn some basic words, phrases and idioms of each language. The book is broken down into categories such as greetings, directions, travel, meeting people, etc. and even helpful slang phrases. Under each saying is the phonetic pronunciation. The book I purchased was used and still has the call letters on the spine and the stamp from the library inside, fun to have.

A great reference even if you are not traveling, it is great to compare a word or a phrase in five languages, not just one at a time.

This is a good resource for Americans traveling in Europe or folks who just want to learn a few phrases in each language. The short grammar sections included are very helpful; as a language teacher I highly recommend it!
