Customer Reviews

This is just what I need at the end of the day to step into my own comfort zone, let loose and still makes me chuckle at life! The pics are the perfect balance between calming childish fun and ALL the luxuries of being an adult! A win-win!! Highly recommended!

Great selection of designs on mid weight paper. Crisp and clear. Very nice..8" x 8".The surprise not mentioned us the back pages are all cupcake styles. They were fun for myCurrent stay at a care facility following surgery. Really cute styles

This is as it says-best sellers. The book is a repeat of many others pictures they have put out. I know because I have lots and lots of Adult Coloring Books.

I like this book it has a variety of things to color. It only is a 3/4 of a book which I like because you

dont have all the open space at the top or the bottom. The pages are thick and good enough to use gel pens on. The pencils go on good and dont feel scratchy when you color on the page. I have almost colored this whole book and might get another one to color in the future. The price is good to but the most thing I like about it is the many different things it has to color.

I like this coloring book, but the pictures in side are not all high quality. Some are just coloring pictures..not what I would consider to be traditional stress relieving images.

A family of 9 on vacation took turns doing their creative coloring! The suggestion was made to keep it available for next year...Good colored pencils are essential.....

Good coloring book, not very different from most of the others. Pages shorter in length so you are getting 8x8 instead of 8x11

I person I got the book for really enjoy it
