Enuma Elish: The Babylonian Creation Epic: Also Includes 'Atrahasis', The First Great Flood Myth

Synopsis

When the two primeval waters, the salt and fresh water, entered into marriage, and brought into being the first of the gods, thus the Babylonian Creation Epic begins its strange and incredible tale with the words *Ēnūma eliša* meaning *When the heavens above*. Plunge into a mystic realm of dragons ranging the depths of the primordial sea, when god declared war on god, and the winner emerged as the powerful ruler of all men and matter. With formidable powers the gods set into motion the universe, and made mankind to perform their work upon the earth, to shape the natural world and raise their glorious temples. Hear the song of Marduk the Champion, the mighty slayer of the creature Tiamat, and a tale of how one man came to survive the Great Flood, brought by the gods to wipe out humankind forever, in two tales which underlie those which achieved such greatness and magnificence in the pages of the Book of Genesis.

Customer Reviews

Nice book. It has a fundamental back ground for the understanding of the Old Testament.

Thanks you for including within the scope of one very reasonably priced paper back book these two old stories. In teaching the ANE history and culture I am able to bring to my students a glimpse of the past more vivid than mere archaeology can display.

Awesome

I feel so at home...

This really expands on the creation story told in the bible. You may need some help interpreting some of the passages as they are rather cryptic.

There is way to much redundant information in this book.

Haven't read it yet, bought it for research purposes, can't wait to read it!!!!

Just a really good read
