Customer Reviews

There is nothing amateurish about Stop and Smell the Rosemary, which won first prize in the McIlhenny community cookbook competition for 1996. (McIlhenny are the folks from Louisiana who bring you Tabasco sauce.) The theme of this handsome book is food suited to today's style of entertaining. Dishes are classy and simple. Most are familiar, but with a twist that works. It's hard to go wrong with Ginger Shrimp Toast, any of the fine roasts and stews, or desserts like Pecan Chocolate Chunk Brownies. Recipes are supposedly quadruple-tested and it looks like the Houston Junior League has a passel of good cooks based on the useful hints and technical tips they pass along in side notes. There are recipes with local character, like Texas White Chili and Fried Okra, and distinctive dishes like \$10 Hamburgers and Mangaspacho. Think of this book when you need to give a gift.

One of the best cookbooks I have, and I have a lot of them. I've made several recipes from this cookbook in the last several weeks and just about all of them have been stand-outs! Ones that I

personally recommend are: Spinach Dill Salad Black Bean Salad Chicken Salad with Cranberries Raspberry Dressing Italian Tortellini Soup Pasta Capri Chicken Pasta with Sun-dried Tomatoes Red Snapper with Tomato Caper Sauce Marinated Asparagus Baked Spicy Rice Herbed Beer Bread Many of the dishes tasted company-worthy! This is a Junior League cookbook that is very well done and worth the money!

I am familiar with this book and very fond of it - it is my go-to cookbook. I have had it for years and everything I prepare from it gets rave reviews. I highly recommend it. My sister-in-law liked mine so I bought it as a gift for her. I was very disappointed in the packaging. It was not packaged in a way that would keep the book from getting damaged in transit. The edges of the book are bent in. Boo. That's why I gave it 3 stars.

great cookbook

This book has wonderful recipes especially if you are hosting a dinner or a party at home. My husband and I have tried three recipes so far and loved every dish. This book was recommended by another family member and we are very glad we made this purchase.

This is the fifth time I've bought this book. I loved it so much that I've bought it as gifts for close friends. They all agree that it is a wonderful book. Not only are the recipes exceptional, the photography is superb. It could be a coffee table book, but I couldn't bear to have it out of my kitchen! I heartily recommend it.

I have been an avid cook for over three decades and this is still one of my all-time favorite cookbooks. My go to gift for new brides! Stunning photography with very good recipes written in easy to follow instructions.

This is my second copy...I lost the first book....It has marvelous recipes that are easy and sooo delicious. I also bought one for my best friend and my daughter. They also love it as much as me..

This is one of the best cookbooks I've ever owned. This was my third purchase as I've given it away twice lol
