Synopsis

Working in conjunction with criminal procedure, or the laws surrounding how a criminal proceeding is conducted, criminal law deals with the criminal act itself, the defenses that are used in a proceeding, and the resulting punishment, if any. What BarCharts are NOT: a comprehensive study guide. You cannot do well on a law school exam or bar exam relying solely upon BarCharts. That is not their purpose. What BarCharts ARE: a condensed overview of the black letter law. Use them as a quick reference to understand the material during the semester. Use them as a REVIEW of the material you (should) have already studied for the exam. In law school, BarCharts were the last thing I skimmed over before taking an exam. It's a good refresher. Same with the bar exam. I skimmed over my BarCharts both nights before the exam.

Excellent resource. If you ever wondered what happens if you are ever charged or looking at court for a criminal act, this Will tell you what to expect.

Extremely helpful for first year law students or as review for the bar.

These are very handy and fit in your book bag without taking up much room. however, i didn't use mine very often.

I'm studying for the bar. This is a great way to refresh before tackling practice exams and essays?

A must have for a 1 L.....I carry it daily

Great resource for quick reference.

It works perfectly and great service!
