12-Bar Blues Riffs: 25 Classic Patterns Arranged For Guitar In Standard Notation And Tab (Riff Notes) Bk/Online Audio

Synopsis

(Guitar Collection). This book with online audio features 25 classic blues riffs arranged for beginning to intermediate guitarists, complete with a "riff history." Also includes great audio recommendations to help you further your blues knowledge and chops. The audio includes a demonstration of every example in the book. The audio is accessed online using the unique code inside each book and can be streamed or downloaded. The audio files include PLAYBACK+, a multi-functional audio player that allows you to slow down audio without changing pitch, set loop points, change keys, and pan left or right.

Customer Reviews

A New York City blues guitarist, teacher and writer.

This is a great book, however it is too short. I have a great amount of fun playing the riffs and there are some very good ones in here, Look at #5, #9, & #21.

Great examples of different methods to bring out blues expressions, Examples in different keys helps to add to one's musical vocabulary.

If you're a plodder like me, a serious study of this book will give you a better understanding of your

fretboard by learning 25 blues riffs. Some are similar and you could add your own, but I can play stuff now that I couldn't before.

Get one with a cd or it's useless unless you're great with timing.

Fun to use!

This is a great product. Tired of your guitar not performing? May it's tired of its owner. You need to come out of the cave of the uncreative and explore what this can do for you emotionally and artistically.

It's a very simple book to follow, but my husband wished there were pictures illustrating where to place fingers, for samples. He's not so good at reading music yet but is learning & this book is helping him along, anyway! He likes it!

Clean and simple. The riffs included are a very good start to building your blues catalog. Easy to follow tabs and a good CD to refine your technique.
