perfect gift for 3 triplets i know!

I loved the book! I give it 5 stars. ***** I read this book as a child and loved it. *****

A neighbor introduced me to old Flicka Ricka Dicka books she had saved (favorites from her childhood) and I knew my daughter would instantly take to them. The illustrations are wonderful and the stories keep the imagination alive as you follow three, identical triplet sisters on their adventures.

I bought this for decoupage use. The photos are perfect for my project!

Grand daughters loved this book

It is a darling story related to years ago. Appealing to any age child. takes you back to simpler times

My three year old daughter loves all the Flicka, Ricka, Dicka books. The stories are sweet, and we read them over and over.

This was one of the first series I read as a child. It brought back such wonderful memories. By today's standards its a three star book but being one of the most memorable books I've read it was FIVE stars.
