CLEP Official Study Guide 2017

Synopsis

Every year, students save countless hours and dollars by taking advantage of the College Board's CLEP(r) examinations. CLEP allows students to get college credit by earning a passing score on any of 33 exams covering introductory-level subjects. There are more than 2,900 colleges and universities that will grant credit for CLEP. The "CLEP Official Study Guide 2015," developed by the test maker, is the only study resource for all 33 CLEP exams. It includes practice questions for all exams, exam descriptions, and test-taking tips and strategies.

Book Information

Series: Clep Official Study Guide

Paperback: 550 pages

Publisher: College Board; Csm Stg edition (August 2, 2016)

Language: English

ISBN-10: 1457307782

ISBN-13: 978-1457307782

Product Dimensions: 8.4 x 1.3 x 11 inches

Shipping Weight: 2.8 pounds (View shipping rates and policies)

Average Customer Review: 3.6 out of 5 stars 102 customer reviews

Best Sellers Rank: #32,337 in Books (See Top 100 in Books) #2 in [Books > Education & Teaching > Higher & Continuing Education > Test Preparation > CLEP](#) #236 in [Books > Education & Teaching > Test Preparation > College & High School](#) #417 in [Books > Textbooks > Test Prep & Study Guides](#)

Customer Reviews

"A study guide, some practice questions and what you already know can get you college credit in just a few weeks. CLEP saved me a year of college and over \$10,000! Thanks CLEP!"--Jeffrey R. Worsham, Student, University of Oklahoma
A study guide, some practice questions and what you already know can get you college credit in just a few weeks. CLEP saved me a year of college and over \$10,000! Thanks CLEP! "Jeffrey R. Worsham, Student, University of Oklahoma"

The College Board is a not-for-profit membership association whose mission is to connect students to college success and opportunity. Founded in 1900, the College Board is composed of more than 5,700 schools, colleges, universities, and other educational organizations. Each year, the College Board serves 7 million students and their parents, 23,000 high schools, and 3,800 colleges through

major programs and services in college readiness, college admission, guidance, assessment, financial aid, and enrollment. Among its widely recognized programs are the SAT(r), the PSAT/NMSQT(r), the Advanced Placement Program(r) (AP(r)), SpringBoard(r) and ACCUPLACER(r). The College Board is committed to the principles of excellence and equity, and that commitment is embodied in all of its programs, services, activities, and conc

Great study guide. Highly recommend! I just passed my CLEP on American History 2 (1865 - present). I studied Newman's "United States History" and after I was finished I went over review questions in this Study Guide. It really focuses attention to the events and situations CLEP requires you to know for this exam.

this has tests only. So it's not really a study guide.

I wish they sold this individually (thus cheaper) instead of a guide for all 33 exams. I only needed the one for American Government. Under than my little whine, this guide is good. It is important to note that this is just a guide. There's really nothing on this book except a breakdown of the exams and about 90 sample questions for each exams. You would need to buy other actual study materials. The sample questions are worth their weigh in gold though. I took it right before actually studying for the exam and it is helping me figure out what is important and what is not while I am reading/studying the actual study material.

This was very helpful for understanding what to expect. I especially like that it has all CLEP exam options. It had me looking into using CLEP for more than just the one class. I am going to save a ton testing out of the courses.

I bought this in conjunction with the REA Spanish Clep preparation book to prepare for the Spanish CLEP. Ultimately, I achieved a high enough score to pass the first tier with a score of 55 but did not get the next tier score of 63. This book is only good for getting you familiar with the format of the test, and seeing where you are lacking. The problem with this book is that it has ONE example test. For me, that is a problem because my memory works against me in that I will remember the correct answer the second time around, not because I have sufficient knowledge, but because I know the answer to THAT particular question. If you are taking multiple clep tests, I would recommend this book. Otherwise I would recommend just getting the REA CLEP prep books as they have 2 versions

of a practice test. In any case, this, and any CLEP prep book, should be among the LAST books you look at, because the practice test is only good for telling you your weakness the first time.

It's a thick book, but has everything you would want to study for. I enjoy owning my own physical books for things like this so that I can write inside of them.

This is a great book for an overview of all the tests and what to expect from CLEP and to find out if you need more study. If you need to learn more it tells you exactly what you need to study. If you're only taking the CLEP in one subject, buy the book for that subject.

Not what I expected. I thought it was going to provide actual information on each subject along with the questions.
