# Conversational Italian Quick And Easy: The Most Innovative And Revolutionary Technique To Learn The Italian Language. For Beginners, Intermediate, And Advanced Speakers

## Synopsis

Have you always wanted to learn how to speak Italian but simply didn't have the time? Well if so, then, look no further. This is one of the most advanced and revolutionary methods that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the 27 most common languages in the world and distilling from them the 350 words that are most likely to be used in real conversations. These 350 words were chosen in such a way that they were structurally interrelated and, when combined, form sentences. Through various other discoveries about how real conversations work - discoveries that are detailed further in this book - Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant - now. If your desire is to learn complicated grammatical rules or to speak perfectly proper and precise Italian, this book is not for you. However, if you need to actually hold a conversation while on a trip to Italy, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language, while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in conjugation, tense, grammar rules, and the like can all come later. This book is recommended for those with prior knowledge in Italian grammar and pronunciation.

## Customer Reviews

Bought the Spanish version a few years ago and loved it a lot so I bought the Italian version now, since I may be traveling to Italy later this year. This book has helped me tremendously to connect certain words and speak Italian. I highly highly recommend it.

I enjoyed reading this book very much and I was able to use it to help refresh my memory on my Italian, since I haven't spoken Italian in over 15 years and I have forgotten a lot of what i was taught when i studied it in school. I found this book quite invigorating.

For someone who studied Italian for many years in the past, this book is an exceptional item. I found the approach superb and this technique can work for any language. I achieved fluency in conversational Italian in record time and so can you. Just follow this book's simple instructions, and you will be on the road to success.

If your goal is to learn to speak Italian, not perfectly but speak, this is a good place to start. So many people take years of classes and still can't actually speak. This book gives you essential vocabulary to start communicating. I think it is very effective. I have this book in four languages.

Good!

I found this book's concept easy to understand. All one needs to do is memorize certain words and it all falls in place. My Italian neighbor read the book and thought it was great. So I would recommend this book to anyone interested in learning conversational Italian.

Horrible. I purchased the book to help my students but the author clearly doesn't know Italian. Sentence usage is incorrect and sometimes has no Italian meaning. Some examples: p. 17- tra adesso e dopo???? p. 16- Sono dall'Italia. It is not Italian! p. 16 Are you/you are (temporary) sei (permanent) siete????? The author should at least attend a class of beginning Italian before publishing a book on how to learn my language. C. Mangano-Perry Ph.D in foreign languages- Istituto Universitario Orientale, Naples Italy Professor and teacher of Italian in US since 1988

This was a great book to bring along as i visited Italy. The author does an amazing job teaching conversational skills. I learned a lot with Conversational Italian quick and easy and so will you!
