Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #1,359,779 in Books (See Top 100 in Books) #139 in [Books > Arts & Photography > Vehicle Pictorials > Ships](#) #162 in [Books > Engineering & Transportation > Transportation > Ships > Repair & Maintenance](#) #985 in [Books > Engineering & Transportation > Transportation > History > Ships](#)

Customer Reviews

I already had the second volume so no surprises here. The are both actually superbly printed and bound books. A tribute to the bookmakers art. Although I do in fact collect books on naval architecture and design, I bough these just because they are so darn luxe

This book was worth every penny that I paid for it. It is an interesting book to read and is loaded with photographs, paintings, diagrams, etc, of pilot boats used during the days of sail. It is a large, beautiful book of high quality and I cannot say enough positive things about it. I highly recommend this book to anyone interested in this area.
