Customer Reviews

I enjoyed reading this book, out of seven steps I'm now on 4th step cat training. So far, all the things told by this book is happening quite really well. My cat has been used to it and I made changes

already in my toilet habit. The Nelson family successfully noted the nature of cats and how and why the training they presented is effective. My cat and I love it.

This was simple and straightforward. You can train your cat with patience and the right tools. It did help to raise the litter box nearer to the height of the toilet for a couple of weeks.

Good!!

This book is so well written. Each step is clearly outlined in plain and simple terms, with lots of tips on what not to do as well. Very helpful!

Very simple instructions and pitfalls to look for.

I'm so excited to toilet train my 2 wonderful cats now that I've downloaded and read this book I feel prepared and confident we will succeed! Thank you Nelson Family!

As a longtime cat owner, I thought the book was a bit simplistic, but I am still glad I took the time to read it.

This book is saving my lifeÃ¢Â|. I have two cats. Cat toilet training is hard for me. I try many methods, but it seems in vain. But the author provides 7 simple steps to follow. I learn a lot from this book and try to train my kitty. I see the result quickly. It shocks me. Very useful steps.
