Customer Reviews

I ordered this book after seeing it at my local book store for double the price. It has a lot of interesting information in it that will help me understand more of the local part in the Civil War. I ordered this book thinking it would be something nice to have on those days you want something to do but not sure what. I love to explore. It is a very nice book and a great price.

Excellent outlines for trips to civil war battlefields and sites. Easy to follow.

This is going to be a very interesting summer read for a chained-to-my-office-chair physical state ... ain't nothin' stoppin' me, honey, from gallivanting to my mind's borderless content ... ;-). From the overnight Amtrak train I took in 2014 from Washington, DC to Atlanta, Georgia, the tracks rolled over areas of history that threw America, USA, into its Civil War. As a child, I learned this part of history with my American classmates, yet when I took this train ride, every town and city that passed by my landscape view increasingly breathed life into some dormant brain cells. I vowed to upgrade my education, and so, here it is ... Happy trails - I tell myself! :-)

This book covers very little about the Civil War. The first segments have some of the basic places but the Destinations Sections may have 1 or 2 civil war sites and a half dozen or more other sites for every cities or region. I have traveled the southern US viewing many civil war sites. There are many better books than this on the market. Save your money and buy something else.
