# Renegade (Volume 1)

## Synopsis

When 13-year old Brett Morgan stands up to snowboarding legend (and school bully) Preston Jackson, he inadvertently becomes the newest extreme sports superstar. Brett Morgan used to have an amazing life. His mom was a famous actress, his dad was an award-winning director, and the three of them enjoyed an extravagant lifestyle in LA. All that changes a few days after Christmas, however, when Brett and his family are buried alive under a mountain of snow on the Swiss Alps. Brett is the only one to survive. Brett eventually gets used to his wacky grandparents (who host a paranormal radio show about UFOs, Bigfoot, and Elvis sightings) and his aluminum-hat wearing cousin in Aspen, Colorado, but it takes even longer to get used to his new school. At first he's excited to meet his extreme sports idol, Preston Jackson, who also attends Rocky Mountain Junior High. That changes when Brett discovers Preston is really an egomaniacal jerk who is nothing like he's portrayed on TV. But at least his cute cousin Max is nice. Brett's life gets even crazier when he attends the Freezer Games, a competition sponsored by one of the world's largest media empires, Silverleaf Entertainment. To show Preston he's not God's gift to extreme sports, Brett sneaks past security and performs an amazing snowboarding trick that makes ESPN's Top Ten list (and also earns him the catchy nickname of Renegade). The owner of the Freezer Games, Woodrow Silverleaf, goes from wanting Brett arrested for trespassing to wanting him to be his newest sports star. Brett soon finds himself juggling school work, new friendships, a romance with Max, crazy teachers, even crazier grandparents, a psychotic multi-billionaire tycoon boss, and the most grueling teen sports competition on the planet. Will Brett overcome all odds and win the Freezer Games? Or will he crack under the pressure? Renegade should appeal to anyone who is interested in extreme sports, particularly extreme winter sports. It's a moving, light-hearted tale about perseverance, love, and standing up for what you believe in, no matter what the odds.

## Book Information

Paperback: 166 pages

Publisher: CreateSpace Independent Publishing Platform (May 7, 2012)

## Customer Reviews

Sometimes this is good, and sometimes very bad. Brett has recently suffered through being buried in an avalanche with both parents dying, having to move from his home in Los Angeles to his grandparent's mountain cabin, leaving behind all of his friends, his school, and his support system. This is enough to challenge any 13 year old kid, but when he becomes famous as the renegade, and makes new friends while irritating the teachers and principal at his new school on the first day, life and nightmares become etched. What is a kid to do except act and not over think.

Grandson loved. That's a surprise. Hard to find a book he will read. This hit the mark.

Would you believe in a hero who is a winter sports champ, a top vocalist and guitar player, who has recently lost both parents, who is sent to live with his weird grandparents and cousin in Aspen, Colorado?? Doesn't sound very interesting, but it is!

great story enjoyed by my 11yr old son.

My 11 year old son loved this book. He says it is good for kids who enjoy both humor and sports.

fine

I had heard about this author through the grapevine and was looking forward to his books being published....I bought renegade based on the description, but was pleased as this book is funny and witty, silly and entertaining, an adventure. I like his style, it's unique !! I enjoyed it and am looking forward to his other works he will be cranking out !!

Instead of just reading a book, it was like I was actually there with Brett, Kelly, Carise, and Max. I couldn't put it down. The author held my interest page after page and actually at the end, I was hoping for more. This is Renegade I, I hope there is a Renegade II soon. Loved it!
