I love my Instant Pot even more since buying this cookbook, which I didn't even think was possible. I am firmly in the camp of Instant Pot lovers whose lives have been changed by the ease and versatility of the Instant Pot. I've always loved my Instant Pot but this cookbook full of 100 ketogenic recipes has put this enthusiasm on overdrive. I've never had such an easy time sticking to a diet so far, but all of the recipes in this cookbook have been so good, and they're not just the typical recipes you've seen in other ketogenic cookbooks. This cookbook is perfect for Instant Pot lovers who care about their health.

This book is my new keto bible! I've only made a few recipes out of this book so far but they were awesome. When I ate the lemon glazed tuna meal I made, my jaw just about dropped to the floor. It was unbelievably good and I was amazed I could make something so tasty in my own kitchen with

such ease. There are a million keto recipe books out there (I should know, I've bought half of them lol) but this cookbook looks to be well above the typical ketogenic cookbook and with so many recipes I think I'm pretty much set for a year of new and delicious healthy keto recipes!
