# Pneumatology: Knowing The Holy Spirit

## Synopsis

Pneumatology refers to the study of the Holy Spirit in light of the Bible. It is an area many parts of the body of Christ have overlooked, which has truly hindered our spiritual growth and the advancement of God's kingdom in the earth today. John G. Lake walked with the Holy Spirit and sought after him ever so carefully. He was a man of study and wanted to know how God healed the sick and how Christ worked through man by the Spirit's involvement. This book is a compilation of Mr. Lakes own sermons on the subject of the Holy Spirit. Each is filled with divine wisdom and revelation, and should truly help us understand the wonderful third person of the Trinity - the Holy Spirit.

## Customer Reviews

This book (pamphlet really) isnt so much a study of the Holy Spirit as it is an accounting of the work of the Spirit for the region around a particular church

This a book is for those that are hungry for the Holy Spirit to posses their soul. Revelation of God, Jesus and the Power that God wants every believer to have. To walk out our lives in Christ. Healing the sick, delivering people from the demonic, revelation of Salvation. Love of God manifested through us by the Holy Spirit of God!

thank you

This is the most soul stirring book I have ever read this far. I was fed and satiated by this book and look forward to experiencing more of God's Power in my life for others.

Have not found any of Lake's books that are not very informative in learning how to live the christian life!

An oldie but a goodie and powerfully relevant for Believers today! A must read.

John Lake didn't write about 'something' he learned, but about a Person he knew personally and intimately
