131 Dirty Talk Examples: Learn How To Talk Dirty With These Simple Phrases That Drive Your Lover Wild & Beg You For Sex Tonight

Synopsis

Are you one of those people who want to spice up their love life with the addition of dirty talk, longing to hear certain words or phrases whispered, moaned, growled, or simply uttered but just plain don't know how to get started? The first thing to understand is that dirty talk isn't dirty. There's nothing shameful or wrong about it. Men and women are hard-wired differently. Men like to hear, while women like to visualize, and that's completely natural too. A man wants to hear what their partner wants done to them, or wants to do for them before it's done. Hearing the words, screamed, moaned, whimpered, or whispered just flat out does it for most men. Women like to hear the words and imagine what those words or phrases will mean to them, how their partner will react, or how something will feel, even seconds or milliseconds beforehand, giving their brains time to process the possibilities, thus heightening the sensations. In this guide you will learn 131 tried-and-tested, proven-to-work phrases you can use for getting your partner in the mood, during foreplay, during & after love making. Both for-man & for-woman phrases are included. You will learn many ways to get started talking dirty and how to build it up gradually so you are comfortable & sound confident when you say them. Using correctly they will make your lover addicted to your voice & drive him/her wild in bed.

Customer Reviews

This would be a great book for someone that is on the shy side, has never had phone sex, or talked dirty. It's a good, solid collection of sexy phrases and succinct explanations for why they work. As far as being a beginner's book, I think it falls a little short on how to describe what you're doing, going to do, or want done to you. But if you want to learn how to dirty talk or want liberate your partner into expression, this will suit your needs. It's not for the experienced, though. If you've had a fair share of phone sex, you won't find anything new here. It's a quick read, I finished it in about 15 minutes, but that may be because most of the phrases are things that I have heard and already say. Not much kinky stuff. I only found one phrase in the entire book that I had never heard before (#128). I bought this looking for new ideas, so I was a little disappointed. But I would definitely recommend it to newcomers or those that need a refresher.

Update 7/20/15 -Wanted to come back here to share an insight I had about talking dirty. There's nothing worse than a predictable lover. All the hottest things that have ever been said, the things that really get people going or make them climax in an instant are... completely unfiltered, unedited. They are speaking exactly what is felt, direct responses to what the partner responds well to. It's instinctual. There's an element of unpredictability in the heat of the moment, the I-can't-believe-he-just-said-that kind of thrill. So in summary, good dirty talk is hot because 1) it shows your partner how in tune you are to them and 2) it's unpredictable. Don't go by what they found hot last time, go by what they moan to this time. Above all else, go by how enthusiastically your partner responds to your words and DON'T FILTER YOURSELF. Say exactly what you think in the tone you thought it in. If your partner likes teddy bears, talk teddy bears. When they respond well to a certain idea, take the idea a step further. If they don't respond as enthusiastically, don't sweat it, just take it back a step and go in a different direction. Let your instincts take over. I think this concept is applicable to good sex in general.

Just what I was looking for! Lots of great examples. Very well organized. Starts tame... then gets dirtier... then gets filthy... then gets OH BABY!

I like this book. Easy to read. Easy to apply - unlike the other one I read with long drawn out who-can-remember phrases. Sure I've already known some of them but I was surprised to find out how much more powerful same words could be when delivered with right timing & tonality. This

book helped me a lot.

Most men have no clue how to talk to a woman without looking like either a Jerk or an A@@Hole. But, on the same token women could learn a lot also. It is entertaining and funny along with the serious thread that runs through out.

This ebook listing over one hundred dirty talk examples definitely helped spice up my relationship and made the sex that much better. There are different settings included (aka foreplay, during sex, etc). I also found it fun to send texts to my partner with some of these examples during the day when she's at work, making her thinking about me more. At first I found it kind of silly, but it's so worth it!

It is rather sketchy, it is only 131 things to say. After each one it gives some advice as to why it is a useful phrase. Overall I think they could have talked more about when to say a phrase, judging your partner's response, how to say things, etc. Definitely helpful if you are a novice at dirty talk, but not much help for someone who has been using sexy talk for years.

Phrases to use during different aspects of sexual acts. It's geared for both men and women, and gives some the psychological reasons it works for each sex.

It was very good starting with simple romantic phrases e.g. "You're amazing" and working up to more explicit ones. There was a lot of good humor in the writing as well. I would definitely recommend this book for people wanting to learn to be more verbally expressive in bed!
