My 4-year-old son (like his Mama) is a huge super hero fan and loves reading every night before bed time. He was a fan of the Flash last year and we've read the I Can Read level 2: I Am the Flash repeatedly along with many of the other DC and Marvel books. But recently he wanted a book about Green Arrow. Now that's a hard thing to find for his age group. I searched for books on Green Arrow and only found the comic books which he isn't ready for. Thankfully we found Bad Weather! DC Super Friends because finally here is a book mentioning not only Green Arrow but the Flash (along with my favorites, Superman and Green Lantern, plus Batman, Robin, Aquaman and Hawkman). So if your child is like mine and wants a book about Green Arrow, this is your book! I really hope authors like Frank Berrios and Billy Wrecks start writing more books for the younger age group that include Green Arrow because I will need some more reading variety if he continues his love of this character.

Little Golden Books were a staple of my childhood, and I've provided my children with copies of my favorites, like The Pokey Puppy, and The Animal Orchestra. These new books are also great though the writing itself isn't quite as...lyrical as the older versions. Nostalgia may be clouding my judgement but most of the classic Little Golden Books either rhymed or had a certain consistency of meter that made them seem poetic. These don't. The story in DC Super Friends: Bad Weather is straight-forward, and compelling enough to keep my 4-year old engaged as she reads and learns a few new words. If only it rhymed.

My son love it. The paper quality and the images are great.

I love that these little Golden Books are making a comeback, but they aren't the same quality as the books from my childhood. They seem to be cut with rough edges and made cheaply. It's an okay purchase for \$4. The story is pretty cute and my son liked it.

Like all Super Friends books, my 3 year old loves this book. Not as much as the Christmas Race and Save Christmas though. The story is easy to follow and the pictures are fun.

If you have a little boy that you're trying to nerd-up AND get him into reading, this is the book for you. This is Superman and Batman, World's Finest, for Little Golden Books.

My son's room is vintage superheroes so superhero books were a must! We bought all of these and love them.

y son enjoys super heros, and he likes these types of book
