Interlude In Death: In Death, Book 12.5

Brilliance **UNABRIDGED**

NORA ROBERTS

Read by Susan Ericksen

Synopsis

In early spring of 2059, Lieutenant Eve Dallas is called off planet to face a grueling ordeal - giving a seminar at the largest police conference of the year, to be held in a swanky resort. A resort which just happens to be owned by her husband, Roarke, of course. Even though Eve can't quite see it that way, it's supposed to be at least partly a vacation. But work intrudes in the form of a bloody homicide, and Eve is off and running. The case is complicated by Eve's personal history with the victim - and by the killer's history with Roarke. As danger closes in and the body count rises, Eve must find a way to stop the cycle of violence and revenge, and shove the past back where it belongs. --This text refers to an out of print or unavailable edition of this title.

ASIN: B0019ZWMBK

Best Sellers Rank: #57 in Books > Religion & Spirituality > Occult & Paranormal > Unexplained Mysteries #278 in Books > Audible Audiobooks > Religion & Spirituality > New Age & Occult #642 in Books > Romance > Anthologies

Customer Reviews

I was given one of her books as a birthday gift and I was hooked by the 3rd page and I had to look up all her books and start from the beginning. I love her writing style and how she pulls you into the story. When you are reading you can see the characters in your head and you feel like you are friends of them. Great work for suspense thriller, drama, crime mystery.

This is a series that I NEVER get tired of reading...over...and over again. There is nothing like a full novel written by Nora Roberts to make for an entertainingly scrumptious story that pulls you in and makes you feel homesick in between installments. And, when that installment comes out and you finally have a chance to read it, you're back at home with life, death, intrigue and love. You gotta love

Roberts. She makes the best characters and stories. Also, let me say that Susan Erickson's right on, talented and engrossing professional narration of Roberts' books is like icing on the cake. If you love the book, try it again with the audio enhancements...truly entertaining!

The novellas are never my favorites because they're always more bare bones than the books. This novella hits all the standard notes for a story early in the series: how both Eve and Roarke are shaped by their personal histories even as they have overcome those histories, Eve's utter dedication and integrity, the salvation Eve and Roarke find in each other. "Interlude" is a good read for the visit with the In Death gang without the depth of the books. Also the first appearance of Darcia, who will figure in the life of one of the ancillary characters later in the series.

J.D. Robb never lets her readers down. Great plot keeps readers thinking. I love to try and solve the cases.

My favorite characters written by a woman. Love to see them on screen, but with the right actors.

It's not often we get to see LT Dallas having to play second fiddle involving a homicide and not being the Primary Investigator is just annoying. But she does her job and makes a new friend in Chief D'Angelo of the Olympus PSD. In the end she gets the killer, destroys part of the Olympus Resort, gives a 'Legend' Police Commander respect due him and avoid giving a speech to a room of other Professionals, which is why she was sent there to do in the first place. It is a fun short read.

I LOVE this series! I've read almost every one of these.

Always a favorite. I would recommend.
