The War On Sex

Synopsis

The past fifty years are conventionally understood to have witnessed an uninterrupted expansion of sexual rights and liberties in the United States. This state-of-the-art collection tells a different story: while progress has been made in marriage equality, reproductive rights, access to birth control, and other areas, government and civil society are waging a war on stigmatized sex by means of law, surveillance, and social control. The contributors document the history and operation of sex offender registries and the criminalization of HIV, as well as highly punitive measures against sex work that do more to harm women than to combat human trafficking. They reveal that sex crimes are punished more harshly than other crimes, while new legal and administrative regulations drastically restrict who is permitted to have sex. By examining how the ever-intensifying war on sex affects both privileged and marginalized communities, the essays collected here show why sexual liberation is indispensable to social justice and human rights. Customer Reviews

"Recent events just keep confirming, all too dismally, that the issues this collection takes up—from sex offender registries and sex trafficking to HIV in public health—link together as a major front of

struggle in our time, often far from public view. Questioning some of the narratives of progress that are so widely echoed in the media and popular consciousness, *The War on Sex* will immediately meet the needs of academics and activists alike." (Michael Warner, author of *Publics and Counterpublics*) "Containing essays from some of the most insightful scholars and activists working on the front lines, *The War on Sex* is a vital tool for understanding how the regulation and criminalization of sex relate to our vital struggles in racial, economic, gender, and disability justice. Full of thoughtful, carefully researched essays, *The War on Sex* will support readers in classrooms and social movements to understand and strategize about the relationships among sex, criminalization, poverty, disability, and contemporary politics. We need this book right now." (Dean Spade, author of *Normal Life: Administrative Violence, Critical Trans Politics, and the Limits of Law*) "Interdisciplinary in scope and inclusive of activist voices from outside the academy, the book is an essential introduction to a struggle for self-determination and sexual self-assertion that has been occurring behind mainstream social movementsâ€™ focus on dignity and respectability.... [A]n urgent, well-argued agenda...." (Ben Miller Lambda Literary Review 2017-03-30) "This is an illuminating, often disturbing book, handling some extremely touchy subjects...." (Perry Brass Huffington Post 2017-04-19) "[A]n ambitious and provocative collection of essays.... The political credentials of many contributors to this volume show that much can be achieved in the face of overwhelming odds, and serve as a model for blending scholarship with civic engagement." (Dan Udy Times Literary Supplement 2017-04-26)

David M. Halperin is W. H. Auden Distinguished University Professor of the History and Theory of Sexuality in the English Department at the University of Michigan and the author, most recently, of *How to Be Gay*. Trevor Hoppe is Assistant Professor of Sociology at the University at Albany, State University of New York, and author of *Punishing Disease*.
