Hellish (Dragons)

Synopsis

She's the ruler of Hel. She shouldn't need anyone until a curse forces her to look for him. Lady Hel, the ruler of Helheim, is cursed for disobeying Odin's order. Stripped of her position, she's imprisoned in Midgard on an ostentatious estate until she is able to find love. Unfortunately, Lady Hel has never had luck or use for love. Harley Andersen is a seven-year college senior with no idea what to do with his life. So far all he's come up with is killing time. When his best friend dares him to hop the gate of what's supposed to be a haunted house, he encounters a woman who steals a lot more than his breath. And what she's offering could give him the future he's missing. It'll just require a trip to the past.

Customer Reviews

I really liked it. We get to know Lady Hel a little better but she still has some secrets. What would you do when someone had banished you from your domain until you find love? Will that be easy for woman that is her own master and is a control freak? I found it really interesting as an addition to Dragon series by Tina Glasneck. I voluntarily reviewed a copy of this book.
