Customer Reviews

Wow...I have never learned so much about the prostate! This important information is presented in a straightforward, easy-to-read style that was down-to-earth: no intimidating medical jargon here. This book is a starter guide to good prostate health that both men AND women would benefit from reading. Do yourself a favor and maybe head-off prostate health problems BEFORE they have a chance to manifest themselves. I'm really glad I read this. A tip-of-the-hat to Mr. Bala for this valuable guide.

Good book very informative.
