# Someone I Love Died

## Synopsis

From best-selling and beloved author Christne Harder Tangvald comes an updated and revised edition of her classic book of comfort for grieving children, filled with heart-healing words, fresh watercolor illustrations, and practical resources that help adults guide children through loss. First published in 1988, *Someone I Love Died* has long comforted the hearts of children 4 to 8 who have lost someone close. It gently leads children through grief with age-appropriate words and solid biblical truth that understands a child's hurting heart. The added interactive resources ensure this book will become a treasured keepsake. Once complete, children create a memory book of the loved one's life. And it offers grown-ups a tool that turns what could be a difficult season into a meaningful time of healing.

Wonderful & Comforting! After my grandchildren's (ages 8 & 6), other Pappa's funeral; I took them

back to their home, after settling in I gave them each their own copy of this book along with new colored pencils. We read the book together and they couldn't wait to start on their "Pappa Book". Both children worked on their book for 2 hours straight! They wrote, colored, & drew their thoughts, prayers & feelings in their book. They shed tears, poured their hearts out & even told funny Pappa stories & laughed. After their bedtime routine we always say prayers & have a story (or 2). We read their books, this time with their additions. They both took their book to bed to sleep with. I babysit often & this book is requested often, even 6 mos. later. They were very close to their Pappa & this really helped them. I wish there was a version for teens & adults!

This book is a well-round book that will take your child through the tough times by understanding why they are sad into teaching them how to pray and talk to God about the love one they missed so much. In time of grieving it is important to teach young children about death and why it occurs. This book is a great communication opening between parent and child; therefore avoiding thoughts of disliking or possibility of hating a loving God.

Very helpful book for my kids when my father passed away and we had to explain where Grandpa went. Helped prepare them for the funeral, services, etc. Good illustration work to make the topic more approachable. Recommend for anyone needing a book for these difficult moments.

This book came on the day I told my daughter her cousin passed away 2 weeks ago. That day and still, she gets very very emotional and rereading this book through out the day really helps her. Thank you.

My daughter loves this book. It's helped her a lot to understand the passing of my father, and what exactly happened to her Papa and where he is now. It's been a wonderful conversation starter on days where she's feeling sad, and the illustrations help her to smile again.

This book has been somewhat helpful for my son to cope with the loss of his Mom Mom and Great Grandmom. It is a good follow up to the Little Blessings books. There are even places in the book that allow your child to write memories and draw pictures of the people that have passed.

An excellent story book for a young Christian child. It explains death poignantly.

I use this book to send to my Sunday school children who have lost a grandparent or relative. It helps them to deal with their recent loss in a very interactive way. Many parents have thanked me for this book to help child begin to understand their feelings.
