His Human Slave: An Alien Warrior Romance (Zandian Masters Book 1)

Synopsis

COLLARED AND CAGED, HIS HUMAN SLAVE AWAITS HER TRAINING. Zander, the alien warrior prince intent on recovering his planet, needs a mate. While he would never choose a human of his own accord, his physician's gene-matching program selected Lamira's DNA as the best possible match with his own. Now he must teach the beautiful slave to yield to his will, accept his discipline and learn to serve him as her one true master. Lamira has hidden her claircognizance from the Ocretions, as aberrant traits in human slaves are punished by death. When she's bought by a Zandian prince for breeding and kept by his side at all times, she finds it increasingly harder to hide. His humiliating punishments and dominance awake a powerful lust in her, which he tracks with a monitoring device on her arousal rate. But when she begins to care for the huge, demanding alien, she must choose between preserving her own life and revealing her secret to save his. Devour the first steamy stand-alone romance in USA Today Bestselling Author Renee Rose's Zandian Masters series. **Publisher's Notes:** This book was originally included in the box set Human Surrender. It is a dark romance with elements of graphic sex, spanking and BDSM. If such subject offends you, please do not buy this book!

Customer Reviews

Ok soooo IÃƒÂ¢Ã ¬Ã â„¢m very ify about this book hence the 2.5 stars. IÃƒÂ¢Ã ¬Ã â„¢m not a prude or anything, and IÃƒÂ¢Ã ¬Ã â„¢m very open minded when it come BDSM as a matter of fact I love it when written well, but shouldnÃƒÂ¢Ã ¬Ã â„¢t both adults be knowledgeable and consenting when they do it? I donÃƒÂ¢Ã ¬Ã â„¢t even know if this is a full blow romance novel, IÃƒÂ¢Ã ¬Ã â„¢m so confused. IÃƒÂ¢Ã ¬Ã â„¢ve read a lot of BDSM books but this one bordering on abuse not the discovery oneÃƒÂ¢Ã ¬Ã â„¢s sexual limits. The story centers around Lamira, a human slave sold into the services of a Zandian prince, Zander, for the purpose of breeding because his race is dying out. They have minimal females of his species so he has no choice but to find the most compatible to him genetically and that just so happens to be humans. Like I said before IÃƒÂ¢Ã ¬Ã â„¢m very open minded to BDSM if both participants know what they are doing, and in this case the ÃƒÂ¢Ã ¬Ã Å“DOMÃƒÂ¢Ã ¬Ã Å• Zander was completely oblivious to how abusive he was to Lamira, he spent most of the story slapping her in the FACE, which I find disrespectful, whipping and beating the crap out of her and always wondered why she was crying and rebellious all the timeÃƒÂ¢Ã ¬Ã Å| HUMMM maybe if you would stop abusing her she would stop. He rapes her and has little pity on her toward the beginning of the book and I contemplated even continuing reading. like a good reader I continued to read and still throughout the story his dumb alien azz wonders why she is always miserable and crying. This alien is supposed to be the optimal species, smart and intelligent but let me tell you, he seriously lacks brain cells and asks the stupidest obvious questions. Lamira, I donÃƒÂ¢Ã ¬Ã â„¢t know what to make of her AT ALL. She has some form of PTSD or probably a loose screw somewhere because one minute she is some-what enjoying all the abuse and the next, she canÃƒÂ¢Ã ¬Ã â„¢t stand it. There is NO consistency in any of the characters and I found this book lacking. I can get, during some points, how being abused can excite her, but the way Zander did it was degrading and humiliating. ItÃƒÂ¢Ã ¬Ã â„¢s not till after 70% into the book where Zander has a little pity on her after beating the crap out of her again! And still because sheÃƒÂ¢Ã ¬Ã â„¢s ÅƒÂ¢Ã ¬Ã Å“humanÃƒÂ¢Ã ¬Ã Å• he doesnÃƒÂ¢Ã ¬Ã â„¢t trust her and continues to be a crappy DOM. By the time he somewhat starts to fall in love with her (if you even call that love) the book is near the end. Will I recommend this series NO. I like my books where both Dom and Sub know what they are getting themselves into not oblivious to what either is doing or feeling. I like my

males to be alpha, dominating, controlling -but not to the point where the sub is treated like an abused animal 90% of the book. I can't continue with something I don't like. Sorry!!!

When the Prince of a planet that was almost totally elemenated his species needs to breed to help restore the race . The only doctor of this race finds a compatable slave breed with him to produce off spring. This tells a story of what you need to read to understand the interaction between these two.

I have to admit that I thoroughly enjoyed this book. Loved both main characters and their interaction. The plot was good and although I would have liked more dialogue, the great sex made up for it. Thank goodness three I did not find spelling and grammatical errors. Overall, very well done.

The "first in a series" book can be a bit of a challenge for both the writer and the reader. Renee Rose did an admirable job with the world building and introduction of characters in His Human Slave. I think I fell a little in love with the Zander. *sigh* So hot! And Dominate! Wow. But Lamira, Prince Zander's "Human slave," feisty and brave, is wonderful too. I am finding this world fascinating. Can't wait to read more.

This way out adventure of alien species and over the top romance was like Star Trek on steriods. The characters were interesting and the story line kept you wanting to see what would happen next. The author was careful in not using offensive language by cleverly disguised alien words that she created. This was a steamy read that once you finish this first book you may be tempted to read the next installment just to see what happens next.

I really enjoyed the relationship that grew between the Prince and his slave. I had one small problem after the guard caused her to be beaten at how quickly she got over it and forgave him but it did add to the story. This first book I purchased for .99 and was looking forward to the next book(s) in the series **HOWEVER**, much I enjoyed this first book, I will pass on the remaining books in the series due to cost of book vs number of pages. Very much enjoyed the first book @.99 for 191 pages. Second book \$4.75 for 121 pages. Not worth my money, sorry.

This is just what I was looking for in this type of book. I like the characters. They are both strong and

real and well developed. Their romance makes sense and develops as the story goes instead of it just being resolved without any logic to it.

I don't usually look twice at these kinds of stories but I this one got my attention. I really loved it. Hot ! Good storyline. A great little read for a rainy day.
