## Customer Reviews

I would recommend this to a beginner or to assist in teaching a youth to sew. It is very easy to understand with good pictures for examples.

Great beginner skills. The pictures made it easier to understand. I would recommend this for anyone who doesn't know how to sew by hand and wants to try it.

The explanations were thorough with a good amount of photos to drive the point home. Hope you will write more.

Love it! Very easy to read and follow along. Helped me with my homemade Halloween costume!

Nice beginner's book to hand sewing. This provides step by step photos and descriptions so you can sew along with each page.

Really good guide for beginners.

It was a good review if stitches and taught me something about thread types and pins. Could use more illustration of the steps -- would be confusing if I'd never sewn before. Still, I am glad to have this book in my library for reference.

Perfect book about hand sewing. This book is a complete reference to teach you how to sew by hand. This is best to all mother out there.
