The Story Of Noah's Ark

Synopsis

A long time ago, the people of the world were not treating each other kindly. God was very sad, and so he decided to send a flood to cover the entire world. However, one man, Noah, and his family were very good people, so God told Noah to build a big boat and to gather two of every kind of animal to be kept safe in the boat when the flood arrived. Noah did as God commanded and soon he, his family, and all the animals were drifting in the flood waters. After many weeks of waiting, the flood went away and Noah, his family, and the animals were able to again return to land. God set a rainbow in the sky, promising Noah that he would never again flood the earth. Share this remarkable and classic Bible story with young ones with this delightful new picture book. With stunning art by Helen Dardik, and simplified text for little readers, *The Story of Noah's Ark* is sure to become a favorite for families.

Customer Reviews

Running Press has been a book publisher since 1972. It is headquartered in Philadelphia, PA, and is a member of the Hachette Book Group. Helen Dardik is a professional illustrator and a surface pattern designer based in Canada. Vibrant, folksy, playful toomuchery is a perfect way to describe her style. Born by the Black Sea, Helen lived in Siberia for a time and then moved to Israel, where she studied art and design. In the early nineties she relocated to Canada, where she got a graphic

design degree and found work as a designer and illustrator.

We were provided a copy of The Story of Noah's Ark to review. This is a beautifully illustrated version of a classic Bible story that is sure to please the little ones in your life. This book is intended for 3- to 6-year olds. As such, it is a simplified version of the story. While it talks of the flood and Noah's family going into the ark to be safe, it does not touch on the potentially scary parts of the story, such as the fact that all of the other people on earth perished. It does not mention the raven that Noah sent out first or the first dove. It only mentions the second dove, the one which returned with the olive leaf. If you want a book that tells everything that is a part of this story in Genesis, then you may not be happy with this book. In our opinion, this simplified version is a good, non-scary way to introduce this story to pre-school children. The illustrations are really colorful. The animals that go into the ark with Noah and his family are very cute! There are 24 pages and, at most, two sentences on each page of the story. It is a good length for a bedtime story and for a beginning reader. The Story of Noah's Ark has a padded cover and durable pages that can stand up to little hands. We think parents and children alike will enjoy this book.
