Joan Of Arc: A Life From Beginning To End

Synopsis

Joan of Arc* * *Download for FREE on Kindle Unlimited + Free BONUS Inside!* * *Read On Your Computer, MAC, Smartphone, Kindle Reader, iPad, or Tablet.No historical figure's life story offers a more intriguing and insightful look at a specific moment in French, and European, history than that of Joan of Arc. Over the course of a biography that sadly lasts just nineteen years, Joan of Arc completely altered the course of the Hundred Year's War. Acting on the counsel of divine voices, Joan left her small village behind, swapped her peasant dress for a suit of armor, and transformed herself into a revered military leader. From her first miracle, freeing the besieged city of Orléans, to her finest moment, leading King Charles VII to Reims for his coronation, the Maid of Orléans stunned the world with her courage, her goodness, and her faith. Inside you will read about...
“ A Peasant Girl
“ The Voices in Joan's Head
“ The Virgin and the Dauphin
“ Joan Joins the Battle
“ The Inevitable Fall
“ A Prisoner of War
“ The Savior of France Meets Her End at the Stake
And much more! Ultimately, Joan of Arc was burned at the stake for her insistence that she received counsel from God but what she achieved as a result of this guidance is a truly incredible story.

Customer Reviews

I agree with another writer that Joan of Arc: A Life From Beginning to End is probably one of the best e-books written by hourly history. This book provided a lot of information that I had not heard before, for example, Joan came from a family that was relatively prosperous especially in comparison to their neighbors. Another is that her home village, Domremy, was within an area that saw constant raids by groups that were not loyal to the King. The national Oracle of France Marie Robine prophesied that someone like Joan of the arc would deliver France from her enemies 20 years before her birth. Queen Isabella of France and her intrigues was the cause of the civil war that broke up France. Another interesting point was at the beginning of her mission some of the soldiers who would help her later on almost raped her. I learned so much more particularly about the political climate that surrounded her mission of saving France. I also found it interesting that she realized her time was limited and that she had to quickly finish her mission. Lastly how the leadership of France was horrified by the power that she was able to use to bring the people to her side. This book is motivated me to buy and read other books about her.

Enjoyed this very much. It is a quick, easy read of the life of St Joan of Arc from the beginning of her life until the very end. She was a very strong young woman and this book tells of the highlights of her short but holy life. A good read for a beginner or one who is just refreshing the memory.

A quick, concise history of Joan of Arc. As the title indicates it is indeed a life described from beginning to end. I believe this book will provide enough background to fill in this gap in your understanding of European history, or prepare the reader for further in depth study of the Maid.

Well written. Good short read on Joan of Arc.

A quick read to get to know the story of Joan of Arc. Like with all these books it's a quick overview.

Enjoyed this book very much. Thank you

This pathetic story should be told to the whole world.

This was very interesting and informative book, thanks.
