I got this for my family in Tennessee, and my mom absolutely loves it. It's like visiting Tennessee and chatting with the locals right from your armchair--and seeing a part of America that unfortunately is fast disappearing. Thanks for a wonderful window on Old Tennessee--and Old America.

table art

If you would like to see what old time living is all about, then buy one of Joe Clark's books. Some of the best pictures you will ever see.

Book was in excellent condition and gives wonderful photos and tidbits of news of the Lynchburg TN area. A fun way to see a small town and its residents in a comfortable, friendly, down home, wish-I-were-there journey through photographs.

Looking through the pages of this amazing book is like traveling back in time. The brilliant black and white photography makes these rural tennessee images come more alive than a Norman Rockwell painting. This is the land where my great-grandparents lived and seeing these photographs made their world come alive. There is something so refreshing in this age of digital photographic trickery and enhancements to see the purity of these incredible images. Do yourself a favor and check out this book. Whether your interest is photography, nostalgia, or history, you will not be disappointed.

Very proud to say my family is in this book and some of his others.
