Average Customer Review: 4.2 out of 5 stars 36 customer reviews

Best Sellers Rank: #8,003 in Books (See Top 100 in Books) #40 in [Books > Children's Books > Education & Reference > Math](#) #2319 in [Books > Textbooks](#)

Age Range: 6 and up

Grade Level: 4 and up

Customer Reviews

Go Math 4th grade

I bought this book to go with "Go math student edition 4th grade" and "Go Math reteach book". My student is doing great went from N to B in one term. The 2 go math 4th grade books are what my student uses in class and the reteach is a break down of what these books are asking for. Perfect Combinations. Highly recommend all of them.

Great book getting my son ready for 4th grade. I ordered the scholastic 4th grade book before this and am now returning it - it is not a 4th grade math book - way over their heads but this book is perfect. It helps them brush up estimating place values, addition problems as it moves into the 4th grade material. Great book for anyone going into or in 4th grade to help them learn the material. He will do great this year due to this book

GOOD

It's a very good book.

Very good book. It is a step by step book. Only thing should have the answers for all sections at the back of the book.

Good deal

Awesome buy! Purchased to help my son review everything teacher goes over in school. Wonderful tool

Good workbook for test preparation
