Synopsis

Use This Beginner's Guide to Growing Your Own Marijuana at Home To Produce Your Own High Quality Plants! This book contains proven steps and strategies on knowing the variables and steps in growing marijuana at your home whether you choose to grow it outdoors or indoors. If you are planning to grow your own marijuana for the first time, you might be at a loss when it comes to starting the process, especially if you have no gardening experience. There are so many things you need to think about. For starters, you have to decide where you want to grow marijuana. Do you want to grow it indoors or outdoors? Do you intend to grow marijuana from seed or from cuttings (clones)? Decide if you want to plant just one shrub or a number of them and also consider what marijuana strain to purchase and know what equipment to buy and use. But don't worry because this ebook will help you answer all those questions. Aside from knowing the concise steps in growing your marijuana for medicinal purposes, you'll also get to pick the right marijuana strain to plant. You'll also know how to process the marijuana leaves and components after harvesting. You'll also learn about some mistakes people make when growing marijuana so you can avoid them. After you have done everything right, you will gain the satisfaction that comes with the perseverance of planting, growing, harvesting, and processing your own marijuana plant/s. Here Is A Preview Of What This Book Will Show You....

Customer Reviews

Marijuana - This is definitely a taboo word. Having said that, I am aware that I can still grow medical Marijuana in small quantities legally for my own domestic purpose. As a beginner, I wanted to know how I can grow it in little quantities. This book definitely acted as a 'How to grow Marijuana for dummies' guide for me. It has explained everything in detail - starting from what type of Marijuana to select as a beginner till where to grow, how to harvest it and how to store it. It is definitely an end-to-end guide to grow Marijuana.

A lot of good and useful information .
