The Liturgical Year: The Spiraling Adventure Of The Spiritual Life - The Ancient Practices Series

Synopsis

A journey of the soul through the map of Christian time. The liturgical year, beginning on the first Sunday of Advent and carrying through the following November, is the year that sets out to attune the life of the Christian to the life of Jesus, the Christ. What may at first seem to be simply an arbitrary arrangement of ancient holy days, or liturgical seasons, this book explains— their essential relationship to one another and their ongoing meaning to us today. It is an excursion into life from the Christian perspective, from the viewpoint of those who set out not only to follow Jesus but to live and think as Jesus did. And it— proposes to help us to year after year— immerse ourselves into the sense and substance of the Christian life until, eventually, we become what we say we are— —à ¸ followers of Jesus all the way to the heart of God. It is an adventure in human growth; it is an exercise in spiritual ripening. A volume in the eight book classic series, The Ancient Practices, with a foreword by Phyllis Tickle, General Editor.—

Wonderful clear explanation of how the liturgical year should enter everyone's home and how it helps us follow in the footsteps of the Lord.

This is a great first-person memoir of the liturgical year, while also exploring the background of why we do what we do. Good introductory reading for someone, lay or ordained, seeking to examine the lectionary and the Church Year.

As always, Joan Chittister delivers! Great read. Our parish liturgy team is reading it in anticipation of the next liturgical year and are recommending it to parishioners as part of our pastoral plan's "liturgical education."

An excellent resource for anyone interested in following the liturgical calendar. Clear, concise explanations of the Feast days and insightful glimpses of the history of the Church through its' traditions and practices. I'm Presbyterian and thank Sr. Joan for a truly catholic (small 'c' intended) book.
