# The Totally Awesome Book Of Useless Information

## Synopsis

Did you know that the Pilgrims ate popcorn at the first Thanksgiving? Or that Maine is the toothpick capital of the world, or that frogs have teeth? Do you want to know what a cockroach's favorite food is, or how long it would take to drive to the sun? Amaze your friends and family by telling them that a baby giraffe is six feet long when it is born, or that tigers have striped skin! From the creators of The Book of Useless Information, this is an amazing collection of the wildest, oddest, funniest facts about history, science, food, animals, and more!

## Customer Reviews

Noel Botham is chairman and founding member of the Useless Information Society. Botham and the rest of his team lurk mostly around London.

Comforting, relaxing reading

Saw this book while touring a museum and thought it would make a great birthday gift for my husband. It did and he is learning all sorts of wacky information to share with our groups since we are professional tour leaders. Book was received on time and in perfect condition.

This was a gift. The person receiving it is a useless info buff! He keeps calling me (long distance) and reading pages to me!!

It is absolutely useless information...until you know how to use it. I've already quoted it at least 4 times to my students, about random things that came up in discussion. Use it to push people to learn more about esoteric topics. And read it just to have a bit of fun.

My grandson loves this book.

I bought this book for my classroom. I share one fact a day and the kids look forward to it every morning! Great book!!

I bought this book for my 10 year old, but it is fun for kids and adults alike. He had fun entertaining a group of us with these fun facts. We also enjoy sharing these fun facts each morning before school.

My daughter loved it! Will probably buy some of the others like this for other holidays and birthdays, they are great!
