Customer Reviews

These stories by Kathryn LeVeque shows that most poignantly! Of all the time travel romances I have read The Crusader and Kingdom Come I consider the best of their genre!! At the same time I felt like something was left undone and unsaid. And what about Bud? My question is how his story changed from the one depicted at the end The Crusader. The fact that a possible ancestor had a role in the return to the future by his abduction of Lady Have while serving the evil Prince John and is reborn as a close friend esteemed colleague merits a tale! I am a LeVeque junkie and want more!

Kathryn Le Veque's books are always great reads. This set is really great about time travel. I can't stop reading each book. I stay up way too late because I just want to finish the story. I can and cry about her stories, you can really feel the emotions the characters portray. I give this set of stories 6 stars.

Kathryn never disappoints. The stories are so detailed you can smell the story. You will understand if you have read any of her books. Thank you for bringing history alive.

Good reads, but some of the stories felt chopped off.

Loved it

The first two stories were one of the best time travel romances I have read.

Kathryn you've done it again! I loved all your books and pretty much read all of them! You are an inspiration and a very good author!

Love all that Kathryn Le Veque writes. Since I also like time travel, this was a special treat. Thanks for great reading!
