Really cute children's book with colorful pictures. Small sentences .. Great for little ones learning to read. Easy and entertaining. Noodles the dog is afraid when going to school, but then winds up

loving school and wanting to go back. Repetitive words are used to make it easy to remember and easy to read. Letters are nice and big. Teaches little ones that school can be loved. This is the first Noodles (dog character) book I have ever encountered and am pleased. HINT Would be a wonderful gift item HIGHLY RECOMMEND

These cute books about a dog named Noodle have wonderful pictures with LARGE PRINT & easy words to read. Many BEGINNING readers are waay too hard, but these Noodle books are outstanding. Both my boys and girl love them, and are so proud they can read a book by themselves after we read it together a few times. I cannot recommend these books highly enough. Finally BEGINNING reader books that are actually for BEGINNING readers!

I love reading about the antics of Noodles the dog. This Maltese has a personality that will win your heart. He reminds me of my Maltese. I am a retired teacher and when I read these books to my class of 4 year old students, they always asked for more. Now I read them to my 4 year old granddaughter and she loves them too! We have almost all of them and we read them often. We especially love the ones about the holidays! Noodles: I Love Christmas! (with Sticker Sheet) (Noodles: Scholastic Readers: Level 1)

This delightful little dog says it like it is. Hans Wilhelm is top notch illustrator. Makes any book extra enjoyable.

I bought this book because there was a special on it. I knew that it would be out of the age range for my granddaughter, but I figured I would save it for her. When I got the book, I took a look at it and read it quickly myself. I decided that I was not going to hold onto it until she was at the age range that it had stated (she is almost 3). I read the book with her and she LOVES Noodles, who is the mischievous young puppy in the story. The book is very well written. The illustrations in this book are just amazing and she giggles before I even turn the page. She can tell you the general story when she picked up the book. For a child that is almost 3, I think that the artwork, vibrant colors and character (Noodles) are all a part of what makes this such a great read. I would suggest adding it to an even lower age group as I believe it is a book that any child can learn and grow with. I may need to purchase another one just so that she will always have it. It is her "go to book for storytime with nanny" and I am very happy that I made the purchase. I will be ordering more books from this fantastic author very soon. This book will take her to the next level of reading as I feel she will be

reading the story on her own before the age level for the book, and that is because of the wonderful layout and beautiful vibrant colors. She loves her rainy days book with Noodles.

This was an absolutely perfect book for early readers! There aren't many Thanksgiving stories that are designed especially for readers just beginning to read on their own, and the Noodles books are wonderful! Noodles is a dog with lots of spunk, and his adventures are always lots of fun! In this book he is dressed as a turkey and doesn't like it. I ordered this book sight unseen for my grandson who is a first grader this year. I was very pleased with this book!

Bought this for my niece who is going to start Kindergarten in the fall and learning how to read. She loves this book!

My first grader read this through pretty easily. Pictures were engaging and cute.
